F.D.A. Status

Conforms to all provisions of the F.D.A. cosmetic act as amended.

Extraneous Matter

Product has been cleaned of wood, stones and other foreign matter. Product has been screened with metal detectors.

The above assays represent guidelines for product formulation and were run on a random basis. Varietal and growing conditions (weather and soil) can have an effect on these values. Data is based on composite commercial samples analyzed on a 100 g basis.
